## Our Story

1900  
-  
1960

### L.CALLEJA – Colonial Stores Branch Founded by Lawrence Calleja.

Supplier of the finest and freshest groceries and provisions in Cospicua, Malta, with a subsidiary outlet in Sliema.

From a grocery store founded by Mr. Lawrence Calleja, his son John Calleja extended the business by creating a distribution company called Strand Palace Stores which later developed into Strand Palace Agencies Ltd in 1977.

1969

### Darrell Lea Foods Ltd which later developed into Tastees Manufacturing Ltd in 2019.

Ray Calleja (son of John Calleja) focused on manufacturing by investing in a factory based in St. Venera which produced the first rice base snack, nougat, chocolate, peanuts and other confectionery items.

2015

### Started the Export Journey for Tastees rice base product.

Steve Calleja (son of Ray Calleja) started the export journey in 2015 by exporting to the nearby countries and continue expanding its horizons globally. Today the company is well known for manufacturing different types of snacks, from rice base, corn base, potato, and plant base.

2018

### Tastees Manufacturing Ltd. started its journey of expanding its factory.

2020

### Reintroducing Topsy brand for Plant Base snacks.

On a yearly basis the company undertakes new project of investments to meet different markets.

2023

### Buying of new machinery line for Maralicious snacks and LaRay and introduce brands within the Export journey.

Today the Company is mostly committed and focused on the production of snacks.

RICE-BASED SNACK

# Tastees

## GLUTEN FREE

White rice is a gluten-free grain. This makes it adequate for those coeliacs or those following a gluten-free diet

## HEART HEALTH

White rice can aid in heart health because of its nutrient content. Enriched white rice provides 20% of daily folate needs, a nutrient needed for heart health.

Getting enough folate has been shown to help reduce the risk of heart attack, stroke, and other cardiac conditions

## VITAMINS & MINERALS

Consuming enriched white rice, provides a better source of the nutrients, thiamine (vitamin B1), iron, and folate.

These three nutrients help with metabolism and the function of the nervous system, the health of the heart, muscles and production and maintenance of healthy red blood cells, and making genetic material and cell division, respectively

## EASY TO DIGEST

Due to its low fibre content white rice tends to be easier to digest. For those with digestive issues, it could be a more suitable grain to consume

## QUICK SOURCE OF ENERGY

Eating white rice can provide an instant boost of energy as it is rich in carbohydrates, which are the primary source of energy for our body. Making it an ideal snack or meal before a workout

## THE CRUNCH SATISFACTION WE ALL NEED THAT COMFORT

X BAKED NOT FRIED

X NO PALM OIL

X NO ADDED COLOURS

X NO ADDED PRESERVATIVES

✓ HALAL CERTIFIED

✓ TRANS FAT FREE

✓ GLUTEN FREE

MOUTH WATERING

CRUNCHY

Quinoa is a great whole-grain source and has a high fibre content for optimal digestion, steady blood sugar and lower cholesterol.

Chickpeas are high in dietary fibre. They can help lower cholesterol and give you stronger bones.

Lentils are rich in fibre, folate and potassium making them a great choice for the heart and for managing blood pressure and cholesterol. They are also a source of energising iron and vitamin B1.

Pinto beans are highly nutritious. Packed with protein, fibre and many other essential nutrients, control blood sugars and reduce risk for cancer and other chronic diseases.
